Hi Johnathan, I wanted to give you a head up that I plan to make a site visit to FMC the week of Aug 24th. I will also be spending a half day with Greg Weigel in the Boise office to go over things. It would be good to touch base with you before I go. I will look for a convenient time on your calendar that might work to check in with you. Thanks, I hope all is well with you.

Hello, Kelly and Susan, how are you? I would like to make sure that the timing of my first trip to Pocatello, and the attendees that can make it, work out as best as they can for you. I have an update below on the availability of who has responded to me. Also can you think of any other people whom you would appreciate having in attendance?

Tentative Date: The week of Aug 24th

EPA: Heather, EPA Manager, Greg, and EPA's Contractor Dave are available either Tuesday or Thursday

IDEQ: Brian English available only Thursday

FMC: Rob Hartman available only Tuesday

FMC: Marguerite Carpenter available Tuesday or Thursday

I am not sure of your availability that week. I think we would want Rob Hartman to be there, but that would mean that Brian English would not be able to make it.

The next option to try would be to delay the trip a few more weeks until my next available week to travel, the week of September 14th.

What would you prefer?

Thanks!

Heather: The only date that works for me that week would be Tuesday the 25th. However, Marjo Carpenter's availability is more relevant – she is in Europe this week and may not respond until next week. Thanks, Rob

Hi All, This is a reminder to please respond by tomorrow to confirm your availability to attend a meeting in Pocatello and visit to the FMC site.

A meeting on Thursday 8-27-15 is looking like a preferred date at this point.

Thanks!

Hi, I would like to check on the availability for meetings and a site visit the week of Aug 24th. Are there dates the week of Aug 24th that would not work for you, to have a meeting in Pocatello and a visit to the FMC site?

Please respond by the end of the week, so I can work to find the next soonest date if this will not work.

Thanks!
